香港-蘇格蘭學校優化夥伴計畫 (HKSSIP)

SCEN Youth Summit Study Trip Learning Objectives

1. Students in Hong Kong share their experience of learning languages (including English and Putonghua) and school life in the Youth Summit.
2. They can practice their languages by using English and Putonghua as two major media to communicate with the people in Edinburgh.
3. They can experience and know more about the lifestyle and culture in Edinburgh when they live with the host families.
4. Can increase Scottish people's awareness and understanding of Chinese language and culture, especially of life in Hong Kong

Basic Information about Scotland

Background of Scotland

- Scotland is a country that is part of the United Kingdom and covers the northern third of the island of Great Britain. Edinburgh is the capital city of Scotland. It is Scotland's second most populous city and the seventh most populous in the United Kingdom. It is the largest financial centre in the UK after London.

Attractions in Edinburgh

- Edinburgh is home to the Scottish Parliament and the seat of the monarchy in Scotland. The city is also the annual venue of the General Assembly of the Church of Scotland and home to national institutions such as the National Museum of Scotland, the National Library of Scotland and the Scottish National Gallery. The city's historical and cultural attractions have attracted over one million overseas visitors each year. Historic sites in Edinburgh include Edinburgh Castle, Holyrood Palace, the churches of St. Giles, Greyfriars and the Canongate etc.

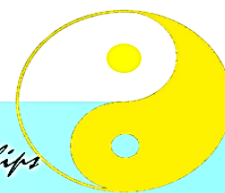

The weather of Edinburgh

- Scotland has four seasons; spring, summer, autumn, and winter. However, the changeable nature of the climate means it's not uncommon to experience all four seasons in one day! Winter daytime temperatures rarely fall below freezing. January and February are generally the coldest months in Scotland, with the daytime maximum temperatures averaging around 5 °C to 7 °C. Summer temperatures are normally moderate. July and August are normally the warmest months in Scotland, with temperatures at an average 19 °C.

Activity 1 Thought about the experience in Edinburgh

Is it the first time you visit Edinburgh? What makes you curious about the place? After the first few days of your visit, you should have some ideas about Edinburgh. Read the following questions and write down some of your thought.

Question	Thought
What is your first impression towards Edinburgh? Is it similar to your expectation?	
How do you think about the school life in Edinburgh? Do you like it? Why?	
Which place is the most unforgettable to you? What did you learn there?	
How do you think about the life in Edinburgh? To what extent is it different from that of Hong Kong?	
Do you find any other interesting things about Edinburgh?	

A coming together of language and culture through partnerships

Hong Kong Scotland School Improvement Partnership (HKSSIP)

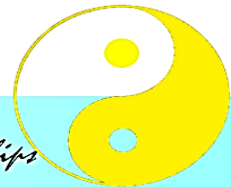

香港-蘇格蘭學校優化夥伴計畫 (HKSSIP)

Activity 2 Mind map drawing

It is our great honour that Hong Kong students have been arranged with the opportunities to be a shadowing student at their host schools! Although Hong Kong was a former British colony, the authentic Scottish school life (including the learning style and extra-curricular activities) should be, to some extent, quite different from that of Hong Kong. Discuss with your buddies and draw a mind map about the difference you found during the school visit.

A coming together of language and culture through partnerships

協作交流夥伴 語言文化共融

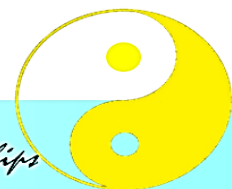

Hong Kong Scotland School Improvement Partnership (HKSSIP)
香港-蘇格蘭學校優化夥伴計畫 (HKSSIP)

Activity 3 Summary of the learning at the spots

You should have visited some famous landmarks in Edinburgh, such as the Edinburgh Castle and University of Edinburgh. It is hoped that you are better equipped yourself with the knowledge and understanding of how Edinburgh is like. Write a 400-word summary to describe and explain what you have learned after visiting different places in Edinburgh.
